Best Medicine Productions announces an extended run of:

The Shadow Space: A Haunted Affair

A near death afterlife experience where you, a ghost, get to haunt the living!

Los Angeles- Sept. 15, 2019- Best Medicine Productions is happy to announce the remounting of their popular new event, *The Shadow Space: A Haunted Affair*. It's an immersive experience that combines elements of a mystery play, escape game, ghost story and interactive challenge to create something completely new. After a successful run this past May, it returns October 8-Nov. 3 for two shows a night, six nights a week at the historic Hartsock House on Gower St. in the heart of Los Angeles.

What is *The Shadow Space*?

Have you ever wondered what it would be like to walk unseen? To discover private passions? Hear whispered secrets? Have you ever wanted to experience a haunting from the other side? The Shadow Space is a new series of performances where the audience is welcomed by afterlife spirit guides, who have arranged a haunting package. They take you into a living home and teach you the basic rules of haunting as the living go about their lives, unable to see you, the guest. In this performance, *A Haunted Affair*, you visit the home of a couple who are having friends over for a big night~ and the guides were able to learn some juicy gossip on these four people that should guarantee an exciting evening. Over the course of the evening, a simple haunting has a twist that not even the spirit world could have foreseen, causing the audience to take a more active role in the events of these four. Can you help the living avoid an even worse fate than death? Do you dare try?
